I don't want to one day look back on my life  
Sayin why didn't I do all I coulda have done  
Cause life's too short and deaths too long  
And before you know it the time is gone  
And there just ain't no getting it back

Oh I'll trade my fear and all my pride  
For a life with no regrets  
And every tear that aint been cried for what hasn't  
happened yet  
For if I try and but fail  
I know I can be at peace with that  
So while I live  
I'm gonna love without holding back  
Because I don't want to wish I had

So let me tell you something that's been on my mind  
All my dreams come alive each time I'm with you  
And every word I meant to say up to now has been  
locked up to say  
And down the consequences here I go

Oh I'll trade my fear and all my pride  
For a life with no regrets  
And every tear that aint been cried for what hasn't  
happened yet  
For if I try and but fail  
I know I can be at peace with that  
So while I live  
I'm gonna love without holding back  
Because I don't want to wish I had

So I'll trade my fear and all my pride  
For a life with no regrets  
And every tear that aint been cried for what hasn't  
happened yet  
For if I try and but fail  
I know I can be at peace with that  
So while I live  
I'm gonna love without holding back  
Because I don't want to wish I had  
No I don't want to wish I had
