You don't have to go now honey
Call and tell them you won't be in today
Baby there ain't nothing
At the office so important it can't wait
I'm thankful for the weekend
But 2 days in heaven just ain't gonna do
This is going to take forever darling,
Girl I just got started loving you

What's the point in fighting what we're feeling
We both know we'll never win
Ain't this what we're missing
Lets just stop all this resisting and give in
Let me wrap my arms around you
You know you don't want to leave this room
Come back and let me hold you darling,
Girl I just got started loving you

What can I say I've never felt this way
Girl you're like a dream come true
After all the love we've made
It sure would be a shame
If we let this moment end so soon
So won't you lay back down beside me girl
Just like I know you want to
Trust me when I tell you darling,
Girl I just got started loving you

What can I say I've never felt this way
Girl you're like a dream come true
After all the love we've made
It sure would be a shame
If we let this moment end so soon

I'm thankful for the weekend
But 2 days in heaven just ain't gonna do
This is going to take forever darling,
Girl I just got started loving you.
Come back and let me hold you
girl i just got started loving you
