

## **Cajun Dance Party "Amylase"**

Visit "[Amylase](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let's not forget, let's not forget what happened in the  
past

You were right, you were wrong, yeah, but everything  
was fast

And when we build this ship remember to make it last  
Increase the time it takes to paint and build the mast

Let's save this game for never  
Or you know this could be chess forever  
I'll take your piece then you'll take mine  
Stalemate and we've just wasted time

Yeah, the past's the route of the growing that happens  
now  
So let's remember not to turn on straight to a row  
We can see through the haze of misty glaze  
So now let's travel positively forward through the maze

Let's save this game for never  
Or you know this could be chess forever  
I'll take your piece then you'll take mine  
Stalemate and we've just wasted time

We've just wasted time  
We've just wasted time  
We need a catalyst  
We need a catalyst

We'll swim through the fields of hay  
We'll swim through the fields of hay  
We'll swim through the fields of hay  
We'll swim through the fields of hay

You're the catalyst that makes things faster  
Amylase will dry up the plaster  
You're the catalyst that makes things faster  
Amylase will dry up the plaster

You're the catalyst that makes things faster  
Amylase will dry up the plaster  
You're the catalyst that makes things faster  
Amylase will dry up the plaster

You're the catalyst that makes things faster  
Amylase will dry up the plaster  
You're the catalyst that makes things faster  
Amylase will dry up the plaster

You're the catalyst that makes things faster  
Amylase will dry up the plaster  
You're the catalyst that makes things faster  
Amylase will dry up the plaster
