Oh, I'd love to go to a brand new place  
But recognize the sky  
A brand new motion yet same old people  
And that's the reason why

Colors and honey are in you're eyes  
As you're life flies high  
But before you know it, you've fall in a pit  
Your life flashes before you're lies

And the lights just march on by  
And the crowd they walk and sigh  
Yet time is slow

Feel the world on my hands  
Trust incentives of a band  
'Cause the weight is thick and thin  
Drop it now and destroy what's in

So pick up the pace and enjoy the race  
'Cause nothingness is nice  
And feel the dance and feel the mood  
While you're munching on that slice

Don't have to spit out you're thumb or the Wrigley's  
gum  
'Cause they're both a waste of time  
But don't crush the bird just for fun  
'Cause that's not fun for everyone

And the lights just march on by  
And the crowd they walk and sigh  
Yet time is slow

Feel the world on my hands  
Trust incentives of a band  
'Cause the weight is thick and thin  
Drop it now and destroy what's in

Let's go

So pick up the pace and enjoy the race

'Cause nothingness is nice  
And feel the dance and feel the mood  
While you're munching on that slice

Don't have to spit out you're thumb or the Wrigley's  
gum  
'Cause they're both a waste of time  
But don't crush the bird just for fun  
'Cause that's not fun for everyone
