I can't believe, I can't deny  
I can't conceive what's in your eyes  
Another mistake, another regret  
Another unwanted cigarette

And do you really like me?  
'Cause 1 and 1 and 1 makes 3  
If you don't hear me  
Then why should I hear you?

I can't walk away  
All I can do is say  
Better luck next time

The next untouch  
The next untouch  
The next untouch  
The next untouch  
The next untouchable

I can't walk away  
All I can do is say  
Better luck next time

The next untouchable  
The next untouchable  
The next untouchable

I feel her  
I move her  
I believe her  
I see her

And then it comes  
I know what to do  
Do I feel it pure  
Or is that just you?

She said again  
She said again  
She said again  
She said again

She said again  
She said again  
She said again  
She said again

And do you really like me?  
'Cause 1 and 1 and 1 makes 3  
If you don't hear me  
Then why should I hear you?

I can't walk away  
All I can do is say  
Better luck next time

The next untouch  
The next untouch  
The next untouch  
The next untouch  
The next untouchable

I can't walk away  
All I can do is say  
Better luck next time

The next untouchable  
The next untouchable  
The next untouchable

I feel her  
I move her  
I believe her  
I see her

Forget her  
Forget her  
Forget her
