It's everywhere outside your window  
Just beware, just you chill  
Truth laid bare, if this don't get you  
Next thing will

The rag and bone man  
He's trying to scare you  
Drag you down, feeling fine, don't you frown  
Waiting at the end of, the end of the line

The man who waits under your bed  
"Meet me tonight", he said  
Take a giant step now  
Take a giant step now

Dust on the Bible  
The man who waits behind your door  
You can't feel, you can't score  
Breathing on his face to make him real

The man who waits under your bed  
"Meet me tonight", he said  
Take a giant step now  
Take a giant step now

The man who waits under your bed  
"Meet me tonight", he said  
Take a giant step now  
Take a giant step now

Under, under your bed  
Under, under your bed

The man who waits under your bed  
"Meet me tonight", he said  
Take a giant step now  
Take a giant step now

The man who waits under your bed  
"Meet me tonight", he said  
Take a giant step now  
Take a giant step now

The man who waits under your bed  
The man who waits under your bed  
Take a giant step now  
Take a giant step now
