Notes:

Jt on sony.com: yer love jones.
Gotta watchdog watching me
Watching me packing my bags
He knows I'm leaving town
I can see that it's a drag
Why leave the life I love
Here in the great state of maine
Just to ride that shining rail
Just to size that ball and chain

Gotta spend just a little more time with you
That's why
Gotta spend just a little more time with you
Oh oh oh
Gotta spend just a little more time with you
Yes I do, yes I do
Gotta spend just a little more time with you
Oh oh oh oh oh

I passed on the cocaine
Said bye-bye to my methadone
Put down the bottle for one more day
Backing off of my tobacco jones
Still I feel like a hopeless junkie
Like a man who can't say no
I look back and there's that monkey
Rascal won't let go

Gotta spend just a little more time with you

I get high and I can't come down
I get high just hanging around
I get high, I go lost and found
I get high oh I oh i

Gotta spend just a little more time with you
