I'm entertaining angels, I'm opening the door
Everyone who comes to me is an angel to adore
The angel that I've been waiting for

Every child that comes to me I feel the heavens unfold
And every smile that shines in me is an angel that I can
hold
The angel that I've been waiting for

I can't seem to understand why you chose me out of
everyone
You know how many times I have tried
But every time I look around I see that you're the only
one
An angel straight from heaven by my side
And this angel straight from heaven I won't deny

I'm entertaining angels, at my table they're all the
same
Everyone that I will is an angel that I have gained
An angel that will remain

I can't seem to understand why you chose me out of
everyone
You know how many ways I have tried
But every time I look around I see that you're the only
one
An angel straight from heaven by my side
And this angel straight from heaven I won't deny

I'm entertaining angels, I'm opening the door
Everyone who comes to me is an angel to adore
The angel that I've been waiting for
