I need your arms around me  
I need to feel your touch  
I need your understanding  
I need your love so much

You tell me that you love me so  
You tell me that you care  
But when I need you, baby  
Baby, you're never there

On the phone, long long distance  
Always through such, strong resistance  
When first you say you're too busy  
I wonder if you even miss me

Never there, you're never there  
You're never, ever, ever, ever there

A golden bird that flies away  
A candle's fickle flame  
To think I held you yesterday  
Your love was just a game

A golden bird that flies away  
A candle's fickle flame  
To think I held you yesterday  
Your love was just a game

You tell me that you love me so  
You tell me that you care  
But when I need you, baby  
Baby

Take the time, to get to know me  
If you want me why can't you just show me  
We're always on, this roller coaster  
If you want me, why can't you get closer

Never there, you're never there  
You're never, ever, ever ever there  
Never there, you're never there  
You're never, ever, ever, ever there
