Time, oh time was all that we had
And all we ever wanted
So how did this friend to me become my enemy
Haunting me with days that you're gone

Oh where, oh where
Could my angel be
I told you I loved you
And then set you free
I hope that you wake up and come back to me
Cause I'm tired to miss every moment

Smile, ur smile still paints every room that you've
Ever walked in
Breath, I can't breath when the air taste so different
To me

Oh where, oh where
Could my angel be
I told you I loved you
And then set you free
I hope that you wake up and come back to me
Cause I'm tired to miss every moment

All the times that we had
All the nights that we shared
All the things we would do
All the thinking of you
Every hour that we gave
All the plans that we made
Now ur gone and my world
Has been spinning backwards since
Spinning backwards since
Spinning~

Oh where, oh where
Could my angel be
I told you I loved you
And then set you free
I hope that you wake up and come back to me
Cause I'm tired to miss every moment

I hope that you wake up and come back to me
Cause I'm tired to miss every moment
I'm so tired to miss every moment
