Point break, hope lost
And I've done nothing wrong to deserve this, I'm
nerveless
And all I've ever wanted, is just to understand, why this
disease
infects me and why I can't live the life you all have

(woah oh)
Pick me up, pick me up, I've fallen
Pick me up, pick me up whoa oh
It's no surprise this has come back to haunt me
So hold me up while its pulling me down
and with my eyes shut, it opens my world
cuz what I've started, I've gotta see

Point break, hope lost, all immunity is gone and
unworthy, it hurts me
And if I didn't feel so insecure I might scream out for
help
Pick me up, pick me up, I've fallen
Pick me up, pick me up whoa oh
It's no surprise this has come back to haunt me
So hold me up while its pulling me down
and with my eyes shut, it opens my world

There's much more life to live, and much more love to
give, its the
beating in my chest that keeps my head from giving
up, cause what I've started, I've gotta see

Please tell me everything will go away with this pill that I
take whole, to fill this hole
I wish it was that simple but I guess I can do as I've
been told and dig this hole
(x2)
