"Stay"

I've got my mind on you,
And I don't know what to do
'Cause it's been so long since I've felt like we're okay
Baby I just wanna know what is gunna make you stay

I've had my mind on you,
Well over a year I knew
That you were drifting down a seperate road than me
I just wanna know if her loves enough to make you stay

You'll never know, how much this kills me every day
I've been trying but I don't know what to do or say.
So please don't go, you know it'll never be the same
But baby your so far gone, is my love enough to make
you stay?

I've had my mind on us,
But it never seems to be enough
I've been searching for a way to walk away
But I know inside my heart that her loves to much, I've
got to stay

(Guitar Solo)

You'll never know, how much this kills me every day,
I've been trying but I don't know what to do or say.
So please don't go, you know it'll never be the same
But baby your so far gone, is my love enough to make
you stay?
Ya baby, your so far gone, is my love enough to make
you stay?
