"Unforgettable Night"

I'm speechless, so impressed, I've forgotten all my
pain
Your presence, in essence, makes it go away
Please take the seat next to me...
You're just a stranger to me, but somehow you've
changed how I think
You saved me from my past, with just a harmless
dance...
Sedated, I hate it, too afraid to make a move

You're so friendly, the night's ending, I still haven't
made a move
Please can I see you again, I don't want this night to
end...
Falling from, your heart-shaped noose, that my dull
teeth, helped cut me through
Falling fast, into your arms, the night's so cold, the
air's so warm...
