Go and find a world Where my name has never been said And say it there Let it ring like a song Ring like a song Go and find a world Where my face has never been shown And show it there Let it shine like the sun Shine like the sun I am with you always I am with you always For all this life And even in death I am with you always Go and find a world Where my word has never been said And say it there Let truth fall like the rain Fall like the rain Go and find a world Where my love has never been shown And show it there With a love that is pure
