My heart fails
My mind falters
Sometimes my passion fades
Sometimes my desires change
Sometimes I turn my head and I look the other way
When I'm restless you are rest
When I'm helpless you are help
When I'm nervous you settle me
When I'm empty you fill me
When I've gone to far you gently bring me home
'Cause you are home
Home is where my history begins
Home is where you delight in me
Home is where your voice is in my ear
Home is where you dance with me
