(feat Relax)

As it goes
Oh oh (oh) X2

As I'm reflecting
About what happened
I'm putting some doubts
Among my actions, suggestions
Why I said good bye

'Cos I detected
A little too late
Made some mistakes
Have to accept it,
Digest it
This reason I cry

How I tried to find a better way
Was confused about wich path to take
Determined to make this go away
This non communicative thing

I'm sleeping on drinks at night
Just to dry those eyes
I'm telling you how I feel right now
I'm lost in this cry
Can't let go

All I wanted to be
Was a part of you, me
Suddenly lonely me
Is all that's left I'm on hold
All I wanted to be
Was a part of you, me
Seems to be bittersweet
Still I don't know where it goes

Got so many questions
That I've been asking up in my mind
I'm counting my blessings,

Your lessons 'bout taking my time

That's why I'm thanking
You for loving me
And learning me to reckon,
Understanding
Those things in life

So excuse me for the moves I make
Now I'm scared to see you face to face
I can't describe this nagging pain
For now I'm letting it rain

I'm sleeping on drinks at night
Just to dry those eyes
I'm telling you how I feel right now
I'm lost in this cry
Can't let go

All I wanted to be
Was a part of you, me
Suddenly lonely me
Is all that's left I'm on hold
All I wanted to be
Was a part of you, me
Seems to be bittersweet
Still I don't know where it goes

And all the time I think about
The emptiness I feel like every day
(So she's steady always on your mind)

(That's right)
And all the time I think about
The happiness you'll find along the way
She sways
Should I just be the one who let's it fade

All I wanted to be
Was a part of you, me
Suddenly lonely me
Is all that's left I'm on hold
All I wanted to be
Was a part of you, me
Seems to be bittersweet
Still I don't know where it goes

Oh oh oh x3

Still I don't know where it goes
