So what's your game plan  
Walking among the wasteland  
I guess you out ran all of the people you can  
A line on your hand tells me that you might know the  
way  
You see those faces blinking up out the darkness now  
It's just the traces of everyone you've loved and how  
So don't erase it maybe then you'll know what to say  
Let it fall  
When it meets you on the other side baby  
Let it fall  
We're all prisoners in a simple mind baby  
Let it fall  
You can grip my arm to pass the time baby  
Let it fall,

Will you help me paint a smile  
On this sad, sad world  
Will you help me paint a smile  
On this sad, sad world

Your lashes dancing making my aching heart sing  
The lights are flashing stirring up all this feeling  
My hands are burning every time I'm touching your  
face  
Let me surround you with all the love that you deserve  
The dawn'll tell you of everything that you are worth  
The blood it runs through everything we know of our  
fate

Let it fall  
When it meets you on the other side baby  
Let it fall  
We're all prisoners in a simple mind baby  
Let it fall  
You can grip my arm to pass the time baby  
Let it fall,

Will you help me paint a smile  
On this sad, sad world  
Will you help me paint a smile

On this sad, sad world
