Heavensent, are days like these
Here with you, snoozing in the breeze
Tomorrow leads, today won't interest me
Today I'll be procrastinatory

There's alot to be said about wasting your time
I don't really care as long as someday you're mine
I don't know what I want
But I wish I knew about love

Why do today what you can do tomorrow
Why do today what you can do tomorrow
Doe do doe doh dey yeh yeh doe
Doe do doe doh doe
Doe do doe doh dey yeh yeh doe
Doe do doe dey doeoh

So come with me and we'll waste a day
Somewhere warm, somewhere far away
So vote for me, it really isn't that complex
My politics are of laziness

There's alot to be said about wasting your time
I don't really care as long as someday you're mine
I don't know what I want
But I wish I knew about love

Why do today what you can do tomorrow
Why do today what you can do tomorrow
Why do today what you can do tomorrow (yeh a yeh)
Why do today what you can do....
Doe do doe doh dey yeh yeh doe
Doe do doe doh doe
Doe do doe doh dey yeh yeh doe
Doe do doe dey doe

So come with me and we'll waste a day
Somewhere warm and somewhere far away
