[Verse 1: Jamie Foxx]

Can I, Can I
Save you from you.
Cause you know there's something missing
And that champagne you've been sipping
Not supposed to make you different all the time
Starting to feel, like the wrong thing to do girl
Cause with all the recognition
It gets hard for you to listen
To the things that imma say to make you mine

But live girl, have some fun girl
We'll be fine
Tryin to convince myself I've found one
Making the mistake I never learn from.

[Chorus]

I swear I always- Fall- for your type (yeah)
For your type
Tell me why I- Always- Fall- for your type
For your type
(I just can't explain this sh-t at all)
Fall- For your type
(I just can't explain this sh-t at all)
Fall- For your type
(I believe in people like you)

[Verse 2: Jamie Foxx]

So who am I to judge you on the past girl
I bet there's a areason for it all
You say that you're nothing like the last girl
I just pray that you don't let me down right now
It's too late, I'm already yours
You just gotta promise me, hearts won't break and end
up like before

[Chorus]

I swear I- Always- Fall- for your type (yeah)

For your type
Tell me why I- Always- Fall- for your type
For your type

[Drake]

Look, dress hanging off your shoulder, barely sober
Telling me how you movin away and startin over
Girl quit playing you just drunk you just saying sh-t
Oh you dance, dance like how, like ballet and sh-t
Oh, wait, no, I get it girl, I'm with it
I've been down this road before and yeah I skidded but
forget it
Damn, damn, I wonder why I never learned my lesson
It's feeling like a second chance and its the first
impression
And I heard there's nothing new except for someone
new
But how you supposed to find the one when anyone will
come with you
Talking to myself but I never listen,
Cuz man it's been a while, and I swear that this ones
different
That's why I'mma take you anywhere you wanna go
Let you meet my friends so they can lecture me again
about
How reckless I have been
And I'm slowly running out of all the time that I invested
Making all the same mistakes
And I swear I'm just trying to correct it and I fall

[Chorus]

I swear I- Always- Fall- for your type (yeah)
For your type
Tell me why I- Always- Fall- for your type
For your type
(I just can't explain this sh-t at all)
Fall- For your type
(I just can't explain this sh-t at all)
Fall- For your type
(I believe in people like you)
