Can't believe another day goes by
Without your love, you know I can't survive
Silly me I thought I'd play it cool
But in the end I end up playing the fool

No, I regret my decisions
Because I'm in love with you
You had come into my life
And made my dreams come true, for you I'll do
(Yes, I will)

(If you love me)
The time I've spent with you has been so nice
(Like you say you do)
Girl you're my angel, you're my paradise

(Won't you show me?)
I need your love, girl don't you understand?
(What I mean to you)
Baby, the sight of you was promised me one day

Because I'm in love with you
You have come into my life
And made my dreams come true
For you I'll do
(My darlin')

(I'll make the green)
Grass grow in December
(It won't be)
Be able to snow

I'll climb the highest mountain
And search the valley low
Wherever you are
That's where I'll go

(If you love me)
I need your love girl, I don't mind the change
(Like you say you do)
I'm holding on girl, I'm prepared to wait

(Then won't you show me)
For your sweet love I'll swim the deepest seas
(What I mean to you)
Just to show you what you mean to me

The sight of you was promised me one day
('Cause I'm in love without a doubt)
'Cause I'm in love with you
(My heart's gone, can't live without)
You have come into my life
And made my dreams come true
For you I'll do

(I'll make the green)
Grass grow in December
(It won't be)
Be able to snow

I'll climb the highest mountain
And search the valley low
Wherever you are
That's where I'll go

(If you need me)
Girl, if you need me
(Like I needed you)
Baby, won't you let me see

(Then whisper softly)
Bring it down
(Hear me)
(While I'm pleasing you)
Let me hear you, please baby, let me hear you
(If you need me)
