finally there is a chance for me to tell you how i feel  
about you  
you know that it isn't love, im willing to hold you tight  
but your not with me nooooooooooooo no no no

i miss i miss  
now after everything that's said and done  
i find it kinda strange im not the one  
no need for the sympathy cause i can hold my own but  
sometimes it gets to me to know that im all alone  
im going to miss you  
chours:  
im really going to miss you(you know that im going to  
miss)  
im really going to miss  
ill miss your love  
im really going to miss u (you'll know ill miss your love)  
you know ill miss your love

im trying everyday to just be strong  
but girl i must admit that your love lingers on  
and i can't comprehend why im a single man  
but girl im so confused what is a man to do  
im going to miss you

chorus:

brige:  
baby i miss you  
i really miss you 'baby lets just see if you missed me

i'm really going to miss you  
im really going to miss
