They said I had it bad.
Addicted to what we had.
Heart rates low fading fast
Vitals low might not last.
Straped down while sirens ring.
Holding on trying to breathe
Not like this I can't leave.
Look what you've done to me.

I overdose overdose overdose on you.
They said I overdose overdose overdose on you.
Cause I want you close. I need you the most.
Without you I'm just through.
So I've overdose overdose overdose on you.

Rushing me switching lanes.
Ivs going through my veins.
Blood tests say no cocaine.
They don't know you're the blame.
Cause your deep inside of me.
So this is goodbye to me.
But for you I'll die happily.
One more hit I'll be free.

Cause I've overdose overdose overdose on you.
They said I've overdose overdose overdose on you.
Cause I want you close. I need you the most.
Without you I'm just through.
So I've overdose overdose overdose on you.

Cause I know that you would kill me.
Cause I'm sweatin, tweakin, feenin.
Never been so high
But damn I love this feeling.
Cause I'm achin, breakin, shakin.
Ima make it through the night.
And now my body is cold.
I'm losing, cause I was abusing it. Oh no
Can't nobody help, I did it to myself.
And that's why I'll do it again and again.

I've overdose overdose overdose on you.

They said I've overdose overdose overdose on you.
Cause I want you close. I need you the most.
Without you I'm just through.
Cause I've overdose overdose overdose on you.
