[Girl:] Do I look fat to you?
[Jamie:] Baby you know I love you
[Girl:] That's not what I asked you.

[Common:] Uh, Uh, Uh,

[Verse One:]
Girl I know your going crazy, let me help you
understand.
That you're about to have my baby, and we about to be
a fam.
Don't you know that when we got married,
we'd be true through thick and thin?
Well I know you're lookin thick now, but I'm witcha to the
end.
U still got it...

[Chorus:]
U still got it gurl e'ry day, e'ry night you know you rock
my world
(Don't you know that you still got it?)
And your emotions flowin' cause you know that your
body's growin
(Don't you know that you still got it)
That new jersey's snug, well I ain't mad at that baby,
it's just more to love
(U still got it)
Oh baby, your love's crazy, cause you havin my baby
(And there's so much more to love)

[Verse Two:]
See you walkin through the mall now, see them outfits
that you like,
Oh but you scared to try them on now, cause they just
won't fit you right.
And you stedy watchin Oprah, tryin to redefine your
life.
But as long as your my lady, I don't care about your
size

[Bridge:]

Your hair, (your hair I know) I know your feet are
swelling.
No need to cry I dig them thighs, that's why I'm telling
you
U still got it...

[Chorus:]

U still got it gurl e'ry day, e'ry night you know you rock
my world
(Don't you know that you still got it?)
And your emotions flowin' cause you know that your
body's growin
(Don't you know that you still got it)
Them new jeans is snug, well I ain't mad at that baby,
it's just more to love
(U still got it)
Oh baby, your love's crazy, cause you havin my baby
(And there's so much more to love)

[Common:]

Take a look at my lady, and my day began to shine.
Told her, "Baby being beautiful is a state of mind, and
you are."
So, had to let your mind and your heart know, as you
grow,
the more, the more I see God glow.
I know it's probably strange, seeing your body change.
Can't fit your clothes, nose ain't the same.
But love still remains, it won't vary with me.
Look at you and smile, thinkin' Damn she carry a me!
A life we created, we can cherish forever.
You growin, but it's sexy, the sex is even better.
But through thick and thin, pickles and peanut butter,
is a divine mother, queen and supreme lover,
U still got it.

I know that you still got it
Don't you know that you still got it?
U still got it.
