Just into town and already saved  
Quick fix  
To find God you have to pay  
Say goodbye and pray

Catch the fever  
And let them take your mind

Praised since the day  
That you came to town  
Baptized by the light  
You just might drown

Catch the fever  
And let them take your mind

I can't feel, is this for real  
I can't feel, it's alright  
Touch me please, I'm on my knees  
Touch me please, it's alright  
Hold my hand, help me to stand  
Hold my hand

It's the devil in you

I can't feel, is this for real  
I can't feel, it's alright  
Touch me please, I'm on my knees  
Touch me please, it's alright  
Hold my hand, help me to stand  
Hold my hand

It's all, it's all, it's all  
It's alright
