Here comes old life of the party Charlie he's a funny
funny man
And every party Charlie is the life
Everyone's in love with the life of the party Charlie
settin' me
And I love Charlie's wife

Everytime there's party old Charlie always there
Cuttin' up and acting like a clown
Whenever there's a party you won't find me there
I'll bee out with Charlie's wife on the other side of town
Here comes old life of the party...

If you're gonna throw a party have old Charlie come
around
He's a lot of fun so he won't mind
But don't bother asking me I'll be busy as can be
With the swinging little party that Charlie leave behind
Here comes old life of the party...
Here comes old life of the party...
