I've got a hot rod build for speed  
I love you  
Turbo gasket bi-carb wheels  
My darling  
A tank top crew, my own pool cue  
I love you  
When my parole comes up in June  
We'll road trip darling

You don't owe me a thing  
You don't owe me a thing  
You don't own me

I've been to New York City twice  
Been to Oklahoma too  
I could tell you some great... Oh my  
My guy

I'm gonna paint her stop light green  
I love you  
You can be my pit-stop queen  
My darling  
I'll take you to the next state fair  
I love you  
They've got fancy hair clips there  
For angels like you

You don't owe me a thing  
You don't owe me a thing  
You don't own me

I've been to New York City twice  
Been to Oklahoma too  
I could tell you some great... Oh my  
My guy
