[Stu Stone]

Hi my name is Stu, I got a problem to share  
It's kind of personal you probably won't care  
See - I'm in love with Oprah Winfrey and Cher  
Heh, I got a doll made out of Margaret Cho's hair  
Kathy Bates and Edie Falco? Now there's a pair  
My psychotherapist says I should clear the air  
For the average boy or girl, this might be a shocker  
Judge Judy called me a celebrity stalker

[Jamie Kennedy]

Hold up, doc~! You know I got some problems too  
My brain is kinda twisted like my name was Stu the Jew  
I like to watch the telly, especially late at night  
My favorite show to stroke to, gotta be "Facts of Life"  
Fuck Lindsay Lohan! Give me Mindy Cohn!  
And Tootie's juicy booty, now that's a blow jam  
Whoa man, yo man I'ma grin and bear it  
I got a website fan page for that hooker Mrs. Garrett

[Chorus: repeat 2X]

I love her, and she loves me  
Why does she call police?  
Stalker, I ain't no stalker, stalker

[Jamie Kennedy]

I wanna slam Fran, hell she can be my nanny  
Star Jones too huh, I'd like to hit that fanny  
Marcia Marcia Marcia! You can have her, I'll take Alice  
Cause she clean the room when I hit that chick from  
Dallas  
Victoria Principal, you can call me to your office  
Better make it quick cause I'll tell you "Who the Boss" is  
It's Mona (MONA!) Now leave me the hell alone-ah  
I'ma go to the corner, talk to Stu, I got a boner

[Stu Stone]

Back to Stu Stoner, doc this shit ain't cool  
I almost drowned in Delta Burke's pool

I be sittin in school, covered in drool  
Dreamin of the day I can make out with Paula Abdul  
"Straight up now" I told her that my love wasn't fake  
She wasn't havin it, the cold-hearted snake  
It ain't easy, people think I'm sleazy  
I've been watchin TV Land, jerkin off to Weezie  
(To Wheezie?~!) Fo' scheezy, nothin more would  
please me  
To get Miss Cleo, down on her kneezy  
I can't wait for my first date with Bonnie Raitt  
Now please don't tease me

[Chorus]

Stalker! La la la la la la la  
La la la la la la la  
La la la la la la la  
La la la la la la la

[Kennedy & Stone]  
Comin after you girl  
Yeah girl we're comin straight after you  
Goin through your garbage cans  
Goin through your trash girl  
Find a banana peel  
Yeah man, even your laundry  
All we wanna do is just love you  
Just wanna snuggle wit'cha  
Hey are your parents traffic instructors  
Cause you got fine written all over you

[Chorus] - 2X
