You find it so easy to cut me down  
Throw out all that so-called wisdom of yours around  
But what the hell are we fighting for?  
Before you show your true colors  
Let me show you the door, the door, the door  
Let me show you the door, the door, the door  
Yeah, yeah, yeah, yeah

(Chorus):

You used to be so cool  
But now, you know you're so cold (so cold)  
You used to be so cool  
But now

What the hell happened to you to make you so cold?  
(so cold)

Maybe you were just this way from the start  
Maybe I was just too blind, living in the dark  
But now the wool got a lifted from my eye  
And all that old bullshit  
You know you can't disguise

You look so smart, but it seems to be  
You got totally caught up in your vanity  
You won't get my sympathy  
Just get a grip before you come back looking for me

(Chorus)
