Bet you think that I've been fooling around
As I'm wandering from town to town
Asking you to wait, wait for me, yeah

Don't you know you can't believe all that you heard?
I know it's rough and all you have is my word
Asking you to wait, wait for me, yeah

But I've been waiting
I've been waiting
I've been waiting
Yeah, yeah, yeah, yeah

I've been waiting
I've been waiting
Wanna know
If you wait for me too

I wanna know if you
Wait for me
Wait for me
Wait for me

Would ya wait for me?
Wait for me
Wait for me
Wait for me

We both know I won't be standing still
But to hide the love is such a thrill
That's why I'm asking you to wait, wait for me

Without you by my side I just can't sleep
That's why I'm up all night counting sheep
Hoping and praying you'll wait for me

But I've been waiting
I've been waiting
I've been waiting
Yeah, yeah, yeah, yeah

I've been waiting

I've been waiting
Wanna know
If you wait for me too

I wanna know if you
Wait for me
Wait for me
Wait for me

Would ya wait for me?
Wait for me
Wait for me
Wait for me, yeah

Wait for me
Wait for me
Wait for me
Wait for me

Wait for me
Wait for me
Wait for me

There'll come a time, way down the line
When I've paid my dues
And I can hang up my shoes but until that day
You'll have to take my word that I'll be true

'Cause I've been waiting
I've been waiting
I've been waiting
Yeah, yeah, yeah, yeah

I've been waiting
I've been waiting
I've been waiting
Yeah, yeah, yeah, yeah

I've been waiting
I've been waiting
I've been waiting
Ooh, ooh, ooh, ooh

I've been waiting
I've been waiting
Wanna know
If you wait for me too
I wanna know if you
Wait for me
