Scared little girl living on a big old world
You've outgrown your room
It all happened way too soon

They took away your innocence,
But we've still got a strong defense.
If I didn't get sieved in this,
I'd be lonely.

So whether you're a blue sky smiling
Or whether you're a grey sky crying
I look up to you
I look up to you

Whether you're the sunlight shining down
Or you hide behind a cloud
I look up to you
I look up to you

How do you repay a love song by the grave?
You hold out your hand and send me to sleep
But we won't let it get the best of us,
We won't fade away like dirt road dust
Cuz no matter what love still remains

So whether you're a blue sky smiling
Or whether you're a grey sky crying
I look up to you
I look up to you

Whether you're the sunlight shining down
Or you hide behind a cloud
I look up to you
I look up to you

Southern days
Your silly face
In our memories they can't replace.
No one else can take their place
But you

So whether you're a blue sky smiling
Or whether you're a grey sky crying
I look up to you
I look up to you

Whether you're the sunlight shining down
Or you hide behind a cloud
I look up to you
I look up to you
