There I was, Tuesday night
Hanging out in the same old scene
There you where, spotlight
Brought you right up to me

So C'mon now this won't happen twice
Let's make the most of tonight

Top down and the moon is up
Nothing on these empty streets but us
Sing loud at the top of your lungs
We drive around like we own this town
It's a good night to be young

Swear I won't think about
Few more hours I know you'll leave
Airports, jetp lanes
Gonna take you away from me

Am I crazy to feel what I feel
I'll take the chance if you will

Top down and the moon is up
Nothing on these empty streets but us
Sing loud at the top of your lungs
We drive around like we own this town
It's a good night to be young

Top down
Sing loud (yeah)

Who knows where we'll go beyond tonight
Someday we'll look back and find
This was the best night of our lives

It's top down

Top down and the moon is up
Nothing on these empty streets but us
Sing loud at the top of your lungs
On this dusty open road we come undone (Top down)

It's a good night to be young

Sing loud It's a good night to be young

Sing loud It's a good night to be young

It's a good night to be....
