Gather round
gotta a pretty little story to tell
I took a trip, caught a plane
went through heaven and hell

I was doing pretty good
making music, knock on wood
til I happend to meet this girl named Leah

Yeoh yeoh
I fell head over heels
guess you know what it feels like
Yeoh, Yeoh
goofy little words
love you baby like the birds love flying

So there I was
jupin up and down
kissing the sky
(just like Jimmy said)

she was crazy I was lonely
we were ready to try
Every Thursday night
she was working at the bar
were I was playing
crazy bout Leah

Yeoh yeoh
I fell head over heels
guess you know what it feels like
Yeoh, Yeoh
goofy little words
love you baby like the birds love flying

like the birds love flying...
