I don't know what brought us here  
But I know there's no easy way out  
One thing is perfectly clear  
I can't live alone in that house

Enough is enough  
I don't have the answers, I don't know the reasons  
Or where we got lost but I still believe  
We can find our way back

Baby just follow me home tonight, follow me through  
the door  
We can start starting over, I don't wanna fight like this  
anymore  
Baby, just take my hand, give us another chance  
We've both made mistakes but it's not too late  
To let it go, let it go and follow me home tonight

Your boots are waitin' in the hall  
The bed's been so cold since you left  
Sometimes I talk to the wall  
Yeah, it sounds crazy, I guess

But enough is enough  
There's no magic words that can fix all our problems  
But if we're not together, how can we solve 'em?  
Lay down your pride

Baby just follow me home tonight, follow me through  
the door  
We can start starting over, I don't wanna fight like this  
anymore  
Baby, just take my hand, give us another chance  
We've both made mistakes but it's not too late  
To let it go, let it go

And follow me home to that same sweet place  
Where love still lives  
And my heart is waitin', oh, I'm waitin'  
Follow me home, follow me, follow me

Baby, just take my hand, give us another chance

We've both made mistakes but it's not too late  
To let it go, let it go, baby, let it go, let's go

Follow me home tonight, follow me home
