Hey hey, alright ladies
We gonna show 'em how it's done

I've been starin' all day at the same computer screen
Around here, I'm treated like I'm just some damn machine
I punch in, I tune out, nobody cares what I'm all about
But at five that ends, they're waitin' for me, my girlfriends

Yeah, yeah, yeah
We're gonna get loud, no doubt, we're gonna get crazy
Yeah, yeah, yeah
Who cares if we do some damage to our reputation

Guys can come and go
Life will turn around and let you down so fast
But when you need that one sure thing that's gonna last
Girlfriends kick ass, oh yeah

See, the thing about a girlfriend is
It doesn't even matter if I show up in a bad mood, yeah
They're gonna make me laugh and change my attitude
Here's two, one more and me and my girls out on the floor
We'll dance all night long, so come on Mister DJ, play our song

Yeah, yeah, yeah
We're gonna get loud, no doubt, we're gonna get crazy
Yeah, yeah, yeah
Who cares if we do some damage to our reputation

Guys can come and go
Life will turn around and let you down so fast
But when you need that one sure thing that's gonna last
Girlfriends kick ass

Come on, let me hear
I like that, now

More we talk

Yeah, when we're together I can't help feelin' fine
Oh yeah, everything's alright
Tomorrow's comin', it'll be here soon enough
But nothin's buggin' us tonight

Yeah, yeah, yeah
We're gonna get loud, no doubt, we're gonna get crazy
Yeah, yeah, yeah
Who cares if we do some damage to our reputation

Oh, guys can come and go
Life will turn around and let you down so fast
But when you need that one sure thing that's gonna
last
Girlfriends kick ass, oh yeah

Talking about my girlfriends
Come on, come on
Talking about my girlfriends
You lose, baby
Talking about my girlfriends
Talking about my girlfriends
