Your love's in my blood,  
Deep in my soul.  
Can't fight it anymore,  
You make me whole.

I surrender.  
I surrender.  
I surrender.

The touch of your hand,  
Your dark, lonely kiss,  
Has taken over my mind.  
Who can resist? (I can't resist.)

I surrender.  
I surrender.  
I surrender.

I don't know who I am anymore.  
The stars are all turning,  
Waves rise and fall on the shore.  
Such a terrible yearning,

I won't live without you.  
My heart could not stand it,  
I'll go where you go,  
Love commands it,

I surrender.  
I surrender.  
I surrender.

I surrender.  
(I surrender.)
