What I'm feeling, time is gonna heal it
I've been hearin' that for so long now
They say, I'll move on, got to try and be strong
Life will go on, I'll get through this somehow
Oh, but how?

When I'm still waiting for you to come back
If you could only come back
I'm aching for you to walk through that door
Hold me once more but you won't
Still I go on waiting

It was a Sunday, we buried you in the rain
I never knew pain 'til that first night alone
Opened your closet, breathed you in and lost it
The truth of it, baby, finally hit home
No, you're not comin' home

But I'm still waiting for you to come back
If you could only come back
I'm aching for you to walk through that door
Hold me once more but you won't
Still I go on waiting

Wish you could talk to me somehow
Tell me, what do I do now
I'm still waiting

I'm aching for you to walk through that door
Hold me once more but you won't
Yeah, I know that you won't
Still I go on waiting
