Well get in line and wait the times
'Cause that's what good people do.
Shine up your shoes, put on your suit
So we can fit in with you.

Normal sees ideology.
It's meant to keep you in place.
But the truth is that we're all messed up.
Put a smile on your face.

(CHORUS)
We all got issues.
Don't let them convince you
That you're not okay
Just the way that you are.
Yeah, we all got issues
Don't let them resist you
Keep pushing along and along and along

The daily grind has got your mind
Tied up and twisted on you.
Lace up you boots, take the commute
'Cause it's what we gotta do.

Normal sees ideology.
It's meant to keep you in place.
But the truth is that we're all messed up
In our own messed up way.

(CHORUS)

Woo! Woo!
Woo! Woo!

We all got issues.
Don't let them convince you
That you're not okay
Just the way that you are.
Yeah, we all got issues
Don't let them dismiss you
Keep pushing along and along and along

We all got issues.
Don't let them convince you
That you're not okay
Just the way that you are.
Yeah, we all got issues
Don't let them dismiss you
Keep pushing along and along and along
Keep pushing along and along and along
Keep pushing along and along and along
