Don't know how you do it, like there's nothing to it
You just look my way
You come a little closer, I lose my composure
Don't know what to say

I'm overwhelmed, you smile, I melt
And somewhere inside
Oh, baby I

Shiver, tremble, I never
No I never once felt so much
It shakes me, how you take me
Deeper than I've ever been
It's to the core, under my skin I shiver

I love the way you whisper
Slowly, softly lingers in my ear
You move a little lower
The world starts spinning slower
Then it disappears

Your lips so close, we kiss almost
Just barely touch, but that's enough
To make me

Shiver, tremble, I never
No I never once felt so much
It shakes me, how you take me
Deeper then I've ever been
It's to the core, under my skin I shiver

It shakes me, how you take me
Deeper then I've ever been
It's to the core, under my skin I

Shiver, tremble, I never
No I never once felt so much
It shakes me, how you take me
Deeper then I've ever been
It's to the core, under my skin I shiver
Shiver
