I've got something to talk about
I've had a lot on my mind
I think I've finally figured out
What I'm feeling on the inside

'Cause where I wanna be
Is in the thick of things
It's all I'm thinking about

These are exciting times, I can see that You are leading
me
And it feels so right, I'm assured of this, my offering
I'm finally living 'cause these are exciting times

Things can happen so rapidly
Then again, they can take a lot of time
But I know these things are not up to me
But I'll be ready in the mean time

Opportunity
Is calling out to me
I lay it all on the line

These are exciting times, I can see that You are leading
me
And it feels so right, I'm assured of this, my offering
I'm finally living 'cause these are exciting times

This thing is bigger than me
And I'm just wanting to be a part of
Anything and everything You ask of me

These are exciting times, I can see that You are leading
me
These are exciting times, I can see that You are leading
me
And it feels so right, I'm assured of this, my offering
I'm finally living 'cause these are exciting times

These are exciting times
These are exciting times
These are exciting times

These are exciting times
These are exciting times
