

## Calabrese "Come Alive"

Visit "[Come Alive](#)" on MotoLyrics.com

No one's watching, no one cares  
Living in the shadows of the pitiful world  
Time to time to play  
Gets away from the television

Monster, monster, come alive  
Open up your and come alive  
Monster, monster, come alive  
Monster... come alive (yeah)

1... 2... 1-2-1-2-3 Go!

Come off with me, they will never know  
Come off be with, let your anger grow  
Come off with me and let the blood flow

Hey! Hey! Hey! Hey!

Monster, monster, come alive  
Open up your and come alive  
Monster, monster, come alive  
Monster... come alive (yeah)

Whoa!
