"One Of Us"

Try to be yourself, you're one of us
Try to be yourself, you're one of us
Try to be yourself, you're one of us
Try to be yourself, you're one of us

Everything you said was all wrong
Who you thought you were, you're not stong
I taught you to be a coward
I taught you dysfunctional

Try to be yourself, you're one of us
Try to be yourself, you're one of us
Try to be yourself, you're one of us
Try to be yourself, you're one of us

Only I say only goes
Don't you try and disagree
Pull the wings off little souls
Only I say only goes
Wooaahh
Only I say only goes
Don't you try and disagree
Pull the wings off little souls
Only I say only goes
