Sometimes I think about the way it was,
When we fell in love.
Things were different then
Innocent and wide open,
Free and beautiful
I want to feel like that again
But somewhere along the journey
I lost a part of me
And I know you can help me get it back
Yeah help me get it back

[[Chorus]]

Baby lay me down on our bed
Touch my body like only you can
Kiss me softly,
Take away my breath
Slow it down and make it real
Cause tonight I want to feel
Like a woman.

You're the one who really gets me
Honey let me,
Feel the fire in your hands
I know you can keep me burning
Feel the yearning
Cause you're still my only man
Give me all that I can handle
Light a candle
Only you can bring me back to life
Oh I need you tonight

[[Chorus]]

Like a woman touched for the first time
Like a flower that blooms in the sunshine
I need to feel your love inside of me

[[Chorus]]

Yeah
Like a woman
Like a woman
