"Shiver"

Don't know how you do it
Like there's nothing to it
You just look my way
I lose my composure
Don't know what to say
I'm overwhelmed, you smile, I melt

Shiver, tremble, I never
No I never once felt so much
It shakes me how you take me
Deeper than I've ever been
It's to the core, under my skin I
Shiver

I love the way your whisper
Slowly, softly lingers
In my ear
You move a little lower
The world starts spinning slower
Then it disappears
Your lips so close, we kiss almost
Just barely touch, but that's enough
To make me

Shiver, tremble, I never
No I never once felt so much
It shakes me how you take me
Deeper than I've ever been
It's to the core, under my skin I
Shiver

It shakes me
How you take me
Deeper than I've ever been
It's to the core, under my skin I
Shiver
Shiver

Shiver, tremble, I never
No I never once felt so much
It shakes me how you take me
Deeper than I've ever been

It's to the core,under my skin I
Shiver

I shiver
