I can see it in your eyes
There's a certain sadness
Was it me who made you cry
Oh please won't you tell me why
Was it something that I said
Or maybe how I reacted
Please don't make it hard for me
'Cause i'm willing to say i'm sorry

REFRAIN:

I'm sorry if i'm always out of sight
Or fail to kiss you goodnight
I never meant to leave you
I'm sorry if i've taken you for granted
For the crazy things i've said
I'm sorry I should have loved you instead

I can tell it with your smile
I know you're hurtin' inside
Will you ever forgive me
If I tell you that I am sorry

REFRAIN:

I'm sorry if i'm always out of sight
Or fail to kiss you goodnight
I never meant to leave you
I'm sorry if i've taken you for granted
For the crazy things i've said
I'm sorry I should have loved you instead
