Oh Olivia you star is something
Star is something far from me
It's four in the morning
My body's aching
Wish I could feel the air that you breath

I need an angel to come and sooth my
Come and sooth my state of mind
Can you believe it? Feels like I'm dreaming
I turn around; you're not walking behind

Oh Olivia I've been
The depths of your mind
Body and soul
And it's breaking my heart
I don't know you no more
Oh Olivia I've seen through the fears in your mind
Body and soul and it's breaking my heart
I don't know you no more

I wanna love this
Not overrate it
Just understate it
But this for sure
I know this love is
So hard to find but
I thought I had it but then she was gone

All I do is pray
Pray that you come
Back to me
Give me your head
Can't you see?
Oh we could be lovers once more

Oh Olivia I've been
The depths of your mind
Body and soul
And it's breaking my heart
I don't know you no more
Oh Olivia I've seen through the fears in your mind

Body and soul and it's breaking my heart
I don't know you no more

Oh Olivia I've been
The depths of your mind
Body and soul
And it's breaking my heart
I don't know you no more
Oh Olivia I've seen through the fears in your mind
Body and soul and it's breaking my heart
I don't know you
No more
