I TRY TO FIGHT

Author: Jamie Stevens (ASCAP)

Composer: Jamie Stevens (ASCAP)

(verse 1)

They can do anything they want to do
And they - they can try to put me through anything
I know that I will survive
And I've got my pride
Something they can't deny
I will make it this time

(chorus)

I still got my strength
I still got my dignity
Inside I know that
No matter what they will do

I know that I will get over this too
I know that this is true
Anytime I have stood up in this life
And tried to fight

(verse 2)

If they say that I have to make it their way
I know I won't try
Cause I know what's best for me
That's one thing I never missed
I can't go for this
I know which way to go
Please don't tell me so

repeat chorus
