A New England

I was 21 years as I wrote this song

I'm 22 now but I won't be for long

People ask me "When will you grow up to be a man?"

But the girls I loved at school are already pushing  
prams

And I loved you then as I love you still

Though I put you on a pedestal they put you on the pill

I don't feel sad about letting you go

I just feel sad about letting you know

Well I don't want to change the world

I'm not looking for a new England

Just looking for another girl

Well I don't want to change the world

I'm not looking for a new England

Just looking for another girl

Well I loved the words that you wrote to me but that was  
bloody yesterday

I can't survive on what you send

Every time you need a friend

Well, I saw two shooting stars last night

I wished on them, but they were only satellites

It's wrong to wish on space hardware

I wish, I wish, I wish you cared

Well, I don't want to change the world

I'm not looking for a new England

Just looking for another girl

Well I don't want to change the world

I'm not looking for a new England

Just looking for another girl

Looking for another girl

Looking for another girl

Looking for another girl
