Big bang, where we going?
What we doing this night for?
Drunk already, maybe drink got spiked
But more like the other like that I'm just a lightweight

Well, I don't care man I been drunk forever
I sedated, hatred, I sedated pages
I sedated worthwhile cages, stages and all of my rage
This is a good time to start dancing to this song man
A good one DJ played the record on man

So where be Joey?
Get us a drink a dimp o' whiskey
I look at the lady she be shady but we raving
What you doing? Where you going to there after?

She says, "Get the fuck out man
You seem to be so plastered!"
Well we be all the night
Kicking it, staring at girls alike

Well it's all good man, what goes on to think
You can't walking it drunk down the Strand
And talk about how we missed the whole club queue
Who the fuck are you?

It's heavy, it's on my mind
'Cause you say, you feel just fine
He's racking and stacking them lines
Say, calm down dearest

It's heavy, it's on my mind
You say, you feel just fine
Racking, stacking your lines
I said, calm down dearest

Remember shooting shit down the old alleyways
Talking tragedies and music like old holiday
I remember what we doing then, I don't remember now
It's the past it's the future, I don't know how to carry on

Through the rights and wrongs

Kick it like we know the songs
Already, we thought we rock steady
Down and on the dance floor
And I don't get no fights, when I get angry drunk
I sit down in the corner and I sulk my fucking socks off

So who the fuck are we? Just the boys in the city
It's all been done before and we'll do it again so
Well, see you later you alligators
We'll be back I'm sure next week and sit in the bar you
know

So good bye, bye, we'll try never to die but
We are so young we don't understand if we cannot fly
So we're here now, we will be gone soon
But not today, not tomorrow, not in the next tune

It's heavy, it's on my mind
'Cause you say you feel just fine
He's racking and stacking them lines
Say, calm down dearest

It's heavy, it's on my mind
You say you feel just fine
Racking and stacking your lines
I said, calm down dearest

It's heavy, it's on my mind
You say you feel just fine
Racking and stacking your lines
I said, calm down dearest

It's heavy, it's on my mind
You say you feel just fine
Racking and stacking your lines
I said, calm down dearest
