She's been hangin out back with the alley cats  
Brother said he's not having it  
Black eyes back  
These rich kids don't understand what's coming  
Rats on a sinking ship

Cos it's inherited they said it gets them real quick  
Gotta see a lover in another district  
With a boy that looks scary and a pitball terrier  
Swear we were living in that common area

Well your on the colder sack with the runaway pack  
Cause no one would give you slack  
Now she knows how it feels running in heels  
Cos the deal was a fucking trap

Now you're hanging round jacks with a lottery wrap  
Complaining about the big smoke  
Getting righteous with me academically  
Well at least I remembered to vote

I cried when jenny  
When I was unhappy  
Now the tables turn I said jenny can rely on me  
Jenny can rely on me  
Jenny can rely on me

So next door neighbor she's a right little raver  
Makes money when she babysits  
Says same shit different day, nothing new around the  
way  
Back to the local for drinks  
And in a dead end town, gravel on the ground  
You're vandalising for kicks  
Said ma, I feel trapped in this old colder sack  
She said sweetheart, we got transport links

I cried when jenny  
When I was unhappy  
Now the tables turn I said jenny can rely on me  
Jenny can rely on me  
Jenny can rely on me
