Northern Line

You were a no-show, down the jivin disco  
My momma's at home getting pissed on vino when the  
kids buy draws but theyre smokin bisto  
My flow goes straight but it ends illegal and the regal  
sons get the purest bugel  
And the bullies only pick on the young and feeble, now  
hey yo lets go mucho boozin  
Sometimes you wonder what am i doing?  
You move and you groove when you lose what you  
lose, and you lose what you groove and your moving  
away  
And you move what you groove when you prove what  
you lose and you lose what you choose  
And your moving away  
Well ok, what happened this free state? straight to the  
barrier then run off away  
I say what i mean but dont mean what i say was i right?  
no? oh-my-goody-gosh darn it  
Chattin to barney from with no barnet about how we  
sure do love it  
A young son muppet with my ma's gin&tonic;, & im  
pukin up all over your capri car bonnet  
Chorus:  
You got so much to take, too much always gonna waste  
your time

I need direction, always been crap on the travel as i  
read the signs  
So shut your mouth love before i spit this track where  
the sun dont shine  
Tick a tock the clock actin like a motherfucker drunk,  
fallin asleep on the northern line  
All aboard! last train!  
How would you feel gettin left alone he was a toned  
down original and stepped to toe  
He was the bottomless bottles and the backwashed  
barrel  
And the sikh who is son was thrown out and left farel(?)  
Its all gone wrong in your life o answers  
Users take AAA's art to charge us  
Take you away from your hazy days

Rave life just a blur in the halls of dancers  
Chorus  
Wakey wakey! hup ya step! one man band, eh?  
What you doing? where ya where ya run from?  
Where ya where ya two tone, where you been done?  
What you doin, where ya where ya been?  
Your holdin it down with your piece-meal heart  
(random ska lines) give it away, i want yo money etc  
Chorus x2
